A community must have a progressive spirit to progress. It is of little value to be "the best place on earth to live" and yet remain lacking in the spirit which gives it claim to strangers. The hanger-backs, the good-enough, the it-costs-too-much-money people are the most effective folks to block the spirit of progress. To progress costs something, but it's a good buy.

OHIO'S 1917 INCOME 30 TIMES STAMP QUOTA

State Committee Has Interesting Figures on W. S. S. Campaign.

Columbus, O.—(Special.)—Ohio's \$106,000,000 quota of United States War Savings Stamps and Thrift Stamps, multiplied approximately 30 times, would equal the estimated income of the people of this state during 1917. Per capita assessment of War Savings Stamps is fixed at \$20.

The Ohio War Savings committee has learned that the net income of the people of this country last year was estimated at \$68,600,000,000; of this, Ohio, representing about one-twentieth of the population, had income of \$3,430,000,000.

Ease with which the people of Ohio should absorb the state's quota of War Savings Stamps and Thrift Stamps is urged by the Ohio War Savings committee in its appeal to all sections of the state. The committee refers to the fact that it will be easy for some and difficult for others to meet the individual requirements; all are expected to do as much as possible toward putting Ohio "over the top" in this campaign.

The 1917 income of the United States was \$106,000,000,000 more than the previous year; indications are that the 1918 income will exceed that of last year. This being true, Ohioans should find it relatively easy to reach and surpass the government's demands for purchase of War Savings Stamps and Thrift Stamps, the Ohio committee points out.

Needs of the nation for the purposes of the war can not be met unless we save, and save by going without the things that are not absolutely essential to the efficiency and health of the individual. Put your savings in War Savings Stamps.

THRIFT-SPENDING AND SPEND-THRIFTING.

Ellis Parker Butler.

Peter Patriot had a penny. Sammy Slacker had a cent. Peter put his penny in his pocket until he had twenty-five, and then he bought a Thrift Stamp.

Thus Peter had saved twenty-five cents for himself; he had loaned twenty-five cents to the government; he had permitted the government to buy twenty-five cents worth of goods or services to win the war; he had helped business, himself, his country. He was Peter Patriot.

Sammy Slacker spent his cent for some silly, insignificant stuff—sweets or something—and saved nothing, did not help the government and was simply selfish Sammy Slacker.

Peter's purchase paves paths to permanent prosperity; Sammy's silly spending signifies sorrow some day.

Moral: Buy War Savings Stamps.

Extravagance now costs blood, the blood of heroes. Economize—accumulate War Savings Stamps—and make the lot of some soldier the happier thereby.

Farmers Form Societies.

Akron, O.—(Special.)—Three hundred members of the Summit County Agricultural society meeting here agreed to push the sale of United States War Savings Stamps and Thrift Stamps by individual purchases. They pledged themselves to the formation of War Savings societies in their communities.

Glove Company Gives Stamps.

Coshocton, O.—(Special.)—C. B. McCoy, president of the Coshocton Glove company, has given a Thrift Card with four Thrift Stamps attached to every employee of the concern. "This is only a little start," employees are advised, "but you can make it large by getting into the saving habit and buying Thrift Stamps frequently and steadily."

In order to secure a peace that will endure, it is absolutely essential that we should realize that the only sure source in which we can rely is what we save. Serve when you buy War Savings Stamps.

ECONOMY IS A HIGH HUMAN OFFICE.

—Ralph Waldo Emerson.

Ralph Waldo Emerson taught the meaning of economy in these remarkable words: "Economy is a high human office—a sacrament when its aim is grand, when it is the prudence of simple tastes, when it is practiced for freedom or love of devotion." It is given the sacramental aspect when one becomes economical in order to give his money to the government in war. Follow his precept and buy United States War Savings Stamps and Thrift Stamps and help win the victory for democracy.
